- Export/Shipment Wrap
- Plastic Covers
- Loading & Transport
- Car Crating
- Storage
- Car Storage
- Carpet Chamber

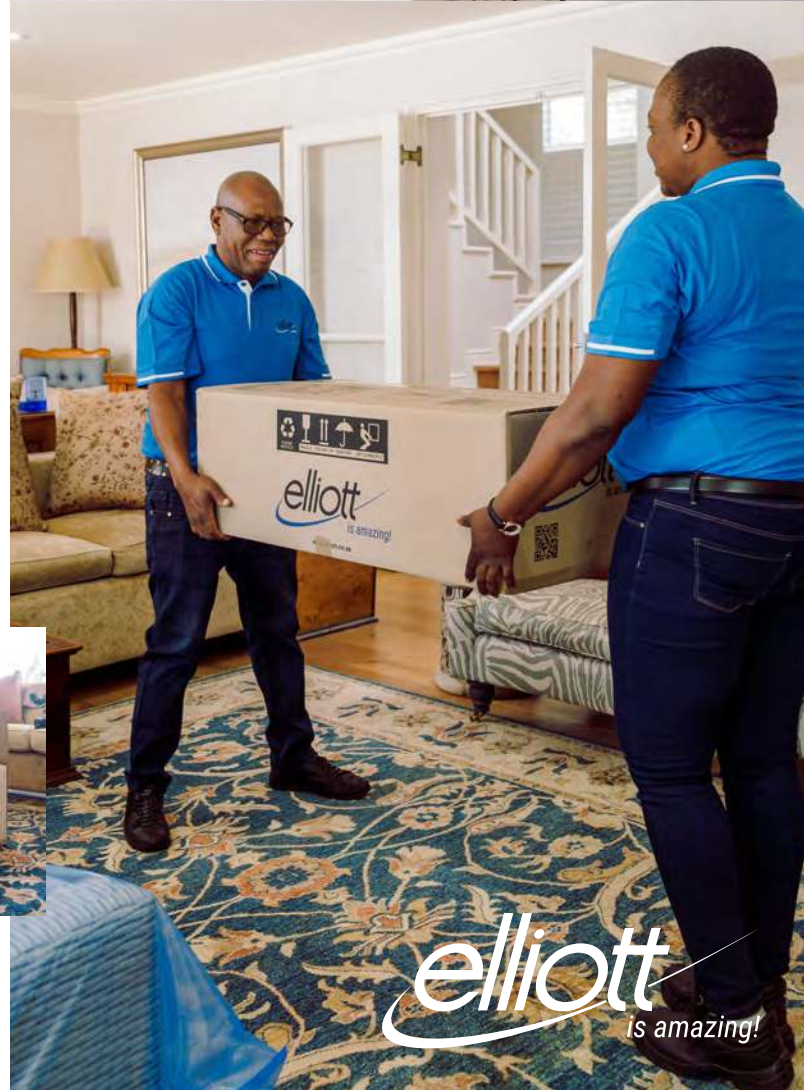

Glassware & Crockery

All items are individually wrapped in white paper and/or bubble wrap, parcelled together and carefully placed in cartons.

Linen

Linen, curtains, bedding, cushions, and folded clothing are packed in long flat Linen Cartons that are lined with white paper to reduce dust, additional folding, and creasing.

Wine

Wines are packed in compartmentalised Wine Cartons, or rolled in white paper and/or bubble wrap. They are then packed carefully into cartons to reduce the risk of breakage.

The Elliott Wine Cellar situated at Elliott Head Office in Gauteng provides customised storage for wine at optimum temperature and humidity levels.

TV Carton

Our specialised reinforced TV Cartons assist with the easy and safe packing and transport of Flat Screen TVs and Monitors.

Bitz Box

Keep all your small bits and pieces together in one safe place. Our Bitz Box is easily identified amongst all your packing and is used for the safekeeping of items such as remote controls, chargers, wires, plugs, keys, bed parts, screws including the nuts and bolts of items that were disassembled etc.

Clothing

For National Moves, clothing is transferred on hangers directly from cupboards into our Wardrobe Cartons and tightly packed to prevent clothes from slipping off the rail. For International Moves, clothing is removed from hangers, folded and placed in Linen Cartons that are lined with white paper.

Envirowise Box/ Crate

Our Envirowise Box/Crate is completely re-useable and recyclable and has a unique numbered seal to ensure the security of your possessions.

Security Trunk Service

Family heirlooms, silverware, irreplaceable photo collections and sentimental items etc. are carefully packed into our steel security trunks in your presence. They are then locked and sealed and the keys are handed over to you for safe keeping.

Wooden Crates - Solid & Skeleton

Our specialist Crating Division builds customised crates, either Solid or Skeleton, dependent on the requirements of each household. Crates are built for items such as pianos, motorbikes, large mirrors/paintings, sculptures etc.

Blanket Wrap

This method of wrapping is used for National Moves to protect furniture items during handling, transit and/or storage.

EEP/Flat Sheet Wrap

EEP/Flat Sheet Wrap is a specialised reinforced cardboard protective wrap which is used for delicate wooden furniture, leather furniture, white appliances, antiques etc.

Export/Shipment Wrap

All furniture items to be exported are wrapped in our Aerothene Shipment Wrap for added protection against movement and damage whilst in the shipping container.

Plastic Covers

Polythene plastic covers are used to protect items such as fabric lounge suites, bed mattresses and any other upholstered items from dust, dirt, and hand marks.

Loading & Transport

Packing and loading of all National Moves and International Moves are managed by a supervisor and our expertly trained crews. Every furniture item and carton is loaded correctly and carefully in the removal vehicle or shipping container, thereby ensuring the safe relocation of all your possessions.

Car Crating

Specifically designed platform crating is constructed around the motor car inside the shipping container. This provides protection for the motor car and facilitates the loading of household possessions together with the motor car inside the same container.

Storage

In today's mobile world, you might not need to have all your possessions with you all the time. If this is applicable to you, Elliott provides safe and secure short, medium, and long-term storage for all your needs. Elliott prides itself on strict security features, biometric access control, electric fencing, armed response and/or 24-hour patrolled security guards at all our storage facilities. All of our storage facilities are also palletised for added protection.

Car Storage

Modern and secure car storage facilities are located at all our major centres in Gauteng, Cape Town, and Durban. All vehicles are stored in line with the manufacturer's specifications and recommendations.

Carpet Chamber

Carpets are individually rolled, wrapped, and stored in a separate carpet chamber.
